

DEKRA Certification (PTY) Ltd is an accredited Certification Body under DAkkS (German Accreditation Body). We are currently looking for qualified multi-standard third-party lead auditors (ISO 9001; ISO 14001; OHSAS 18001) to assist in serving our client base

Requirements:

Tertiary education (preferably with a technical or professional focus, e.g. engineering, mechanical, electrical, artisan, chemistry)

At least 4 years of working experience in the above technical/professional field

At least 2 years of Management System experience

Consulting experience in management systems and second or third party audits will be advantageous

5 day Lead auditors course

Relevant legal training (environmental and OHSAS)

Please send your full career details to nell.vanvuuren@dekra.com

Please indicate in your application, how you comply with the stated requirements

NB: Preference will be given to multi-standard auditors
